Career Objective

Dedicated and results-oriented individual with a strong foundation in problem-solving and user-centric design. Committed to contributing to organizational growth through innovative thinking, adaptability, and collaboration. Eager to leverage academic knowledge and practical experience in a dynamic and growth-driven environment..

Education

Parul University of Engineering and Technology, Vadodara
B.Tech. in Computer Science and Engineering (CSE)

2021 - 2025
CGPA: 7.22 / 10

Shaishav School
Higher Secondary Education

2021

Technical Skills

- **Languages:** Proficient in Java, Python, JavaScript, and TypeScript.
- **Frontend:** Hands-on experience with Html, Css, React.js, Next.js, Tailwind CSS, and Bootstrap for building responsive UIs.
- **Backend:** Skilled in Node.js and Express.js for developing scalable server-side applications.
- **Databases:** Comfortable working with MongoDB, SQL for data management.
- **Tools & Version Control:** Git & GitHub for version control, Postman for API testing, and Firebase for backend services.
- **Additional Skills:** REST API integration, authentication (JWT & Firebase), and data analysis using Pandas and NumPy.

Experience

Frontend Developer Intern

MaMo TechnoLabs LLP — Vadodara, Gujarat, India (Hybrid)
Dec 2024 – March 2025

- Developed and optimized dynamic UI components using React.js and Tailwind CSS to enhance user experience.
- Integrated RESTful APIs into frontend applications to ensure smooth and efficient data exchange.
- Collaborated closely with backend developers to implement robust authentication and manage application state effectively.
- Worked with modern frontend frameworks and libraries such as Next.js and Three.js to build interactive and visually rich web applications.
- Gained valuable hands-on experience and deepened understanding of scalable frontend architecture, responsive design, and real-world development workflows.

Projects

- **Estate Finder: A MERN-Based Real Estate Platform**

Tech Stack: MongoDB, Express.js, React.js, Node.js, Firebase, JWT, Google OAuth, Tailwind CSS
A full-stack real estate platform that simplifies property listings and management with secure authentication, CRUD operations, image uploads, and an advanced search feature.

Project/Repo Link: [Estate Finder](#)

- **Gear Gallery**

Tech Stack: Next.js, TypeScript, Tailwind CSS, Vercel

A sleek and interactive car showcase web app that allows users to explore cars by model, fuel type, and year using advanced search and filter functionality. Each car includes detailed specs, multi-angle images, and a responsive UI built with modern frontend tools. Deployed on Vercel.

Project/Repo Link: [Gear Gallery](#)

- **Ad Management System: User-Driven Advertising Solution**

Tech Stack: MERN Stack (MongoDB, Express.js, React.js, Node.js), Postman, Tailwind CSS

A web application that enables users to authenticate, manage profiles, and view ordered advertisements. Includes secure authentication, API testing, and CRUD functionalities for digital ad management.

Assessments / Certifications

- **The Complete 2024 Web Development Bootcamp (Full-Stack Development)**

Key Skills: HTML, CSS, JavaScript, Node.js, React.js, MongoDB, SQL, Express.js

Completed a 62-hour course covering responsive design, version control, API integration, and databases.

- **Data Analytics with Python**

Aggregate: 66 / 100

Key Skills: Python (NumPy, Pandas, Matplotlib)

Coursework focused on data science problem-solving, exploratory data analysis, and preprocessing.
